**Exercise 8   Adding Checkboxes and Radio Buttons**
10 to 15 minutes

In this exercise, you will add a checkbox and radio buttons to the registration form. At completion, the form should look like this:

1.   Open Forms/Exercises/RegistrationForm.html for editing if you don't have it open already.

2.   Add the following input elements:
   •   radio buttons: name gender and values should be "male" and "female"
   •   checkbox: name and id should be "terms"

3.   When you are done, open the page in a browser, and fill out and submit the form.
